Professional Summary

Software Engineering student at Adama Science and Technology University (ASTU) with a strong foundation in Backend Development (Python, Django) and C++. A dedicated learner with a passion for Artificial Intelligence and scalable backend architecture. ALX-certified developer with a proven ability to build scalable logic and a commitment to writing clean, maintainable code. I am eager to apply my programming expertise and analytical mindset to AI experimentation and software testing.

Education

B.Sc. in Software Engineering, *Adama Science and Technology University (ASTU)* 2023 – Present
Relevant Coursework: DSA, OOP, Advanced Mathematics, OS Adama, Oromia

Back-End Web Development Specialization, *ALX Africa* 2023 – 2024
Completed intensive 4-month Software Engineering program focused on Backend systems, API development, and professional software foundations.

Projects

- Lead Developer | ASTU Smart Complaint & Issue Tracking System** [🔗](#) 03/2026 – 05/2026
 - Developed **RESTful APIs** using **Django & DRF**, implementing **JWT Authentication** and **RBAC** to secure data access for students, staff, and administrators.
 - Architected backend logic for an **AI-driven chatbot** and automated audit trails, ensuring 100% transparency and real-time notifications for ticket tracking.
 - Managed the full deployment lifecycle on **Render** and authored **Swagger/OpenAPI** documentation to facilitate seamless frontend integration.
- Backend Developer | CSEC ASTU (External Community Project)** [🔗](#) 04/2026 – 05/2026
 - Collaborated as an external developer on a professional-grade web application commissioned by the **Computer Science & Engineering Club (CSEC)** at ASTU.
 - Developed scalable backend logic using **TypeScript**, focusing on type safety and efficient data handling.
 - Engaged in team-based version control workflows using **Git**, participating in rigorous code reviews to maintain high-quality code standards.
- Backend Developer | Personal Web Projects**, *Django, SQLite/PostgreSQL, Git* 08/2025 – 05/2026
 - Attendance Management System:** Developed a full-stack attendance system using Django, featuring automated record-keeping and role-based dashboards for instructors and students.
 - Habit Tracking API:** Engineered a habit tracker focusing on **CRUD operations** and data persistence, utilizing **Django ORM** for efficient database management and history tracking.
 - System Security & Standards:** Implemented **Secure User Authentication** and session management across all projects while maintaining a **clean code architecture** following DRY (Don't Repeat Yourself) principles.

Technical Skills

Languages

Python (Advanced), JavaScript (intermediate), C++, HTML,CSS.

Frameworks/Libraries

Django, Node.js

Soft Skills

Technical Writing, Leadership, Multilingual (English, Amharic, Afan-Oromo)

Leadership & Professional Experience

Member | Ethiopian Space Science Society

08/2020 – Present

- Actively participate in professional seminars and workshops focused on satellite technology and space science developments in Ethiopia.
- Collaborate with a network of enthusiasts and professionals to promote space science education through community outreach.

Founder & President | Astronomy Club (St. John Baptist De La Salle)

09/2022 – 06/2023
Addis Ababa

- Spearheaded the establishment of the school’s first astronomy club, growing the membership to 25+ active students.
- Organized weekly educational sessions and stargazing events, demonstrating strong organizational and communication skills.
- Fostered a collaborative environment by managing club logistics and securing resources for space science projects.

Volunteer Content Manager | The Physics Times

01/2020 – 12/2022

- Managed the digital science journal’s publishing operations, ensuring high-quality technical updates and content consistency.
- Produced **technical writing** pieces on scientific topics, translating complex concepts into accessible digital content.
- Demonstrated initiative in independent project management by maintaining the journal’s digital presence for two years.

Honors & Achievements

ALX Professional Foundation Certification

08/2024

Specialized in professional communication, teamwork, and project management methodologies

Great Distinction (High School):

2023

- Graduated with a 91.39% average in Natural Sciences Field
